

VIDEOS ABOUT PARENTAL ALIENATION

The videos about parental alienation, that are linked below, were written by members of the Parental Alienation Study Group and produced by The Law Center. Parental alienation sometimes occurs when parents engage in a high-conflict separation or divorce. Parental alienation means that the child has become enmeshed with one parent (the preferred parent) and has rejected a relationship with the other parent (the target parent) without a good reason. Parental Alienation Study Group is an international, non-profit corporation focused on educating the general public, mental health clinicians, and others regarding this topic.
